About BBJ

Branxton Beef Jerky is carefully prepared at Branxton Quality Meats in The Hunter Valley, NSW. Using only quality grade beef, our meat undergoes an intense process to bring you the ultimate healthy human treat.

Unlike other jerky products you may taste, our quality beef jerky that is Full of Flavour and Attitude, is oven cooked and traditionally smoked; not dehydrated like others.

This intense process combined with our secret special sauces and marinades, provides our beef jerky with its superior taste that will keep you coming back for more and more.

What People Say

I have never liked jerky what so ever UNTIL I was given a package of your soothing mild and BBQ flavour Jerky now Im hooked.

The lasting flavours and consistency are a delightful culinary experience for a great price which is hard to get such value in a product these days.

I know that small companies such as yourself never receive the positive feedback in which they deserve so I thought I would send my praise regarding this wonderful product I certainly will be buying more at the earliest opportunity,

Thank you once again for getting it right!!

From Daniel, BBJ Fan.
